

Nominet Foundation

The idea of a Nominet Foundation was floated in 2005 and we are now proposing to create a Nominet Foundation as a charity and company limited by guarantee, with a first year donation of £5m.
Please read the full details of the proposal on Nominet's web site.
This survey contains four questions.

This document contains respondents between 24 and 24 inclusive.

1. What do you think about the proposal for a Nominet Foundation?

A very good idea.

2. What are your views on the types of potential beneficiaries and are there any you would like added to this list?

Excellent ideas.

I would love to see more being done to promote the excellent resources that are online for kids.

RM have hijacked the VLE rollout in the UK and it's an expensive mess which only works in school.
It would be GREAT to see a project which helps parents to get involved with what their kids are doing at school via an online VLE

Maybe a Moodle style system PLUS a customised Puppy Linux to make a seamless environment for UK kids?

3. What projects or organisations are you aware of that could benefit from a grant from the Nominet Foundation?

4. What other comments do you have?

Good luck :-)

5. Please give us your contact details
