

Proposed DRS default transfer process

We are proposing that in undefended DRS cases, the complainant should have the right to a transfer of the domain name registration on payment of a fee of £200 (plus VAT).
Please read our consultation paper for full details of this proposed default transfer process and then answer the questions below.

This document contains respondents between 1 and 1 inclusive.

1. What do you think about our proposal for a default transfer process?

- I agree with the proposal
- I don't mind one way or the other
- I disagree with the proposal

2. Please give your reasons for why you feel this way about the proposal

The process allows for a domain name to be won, if the domain owner is away, doesn't receive the notice of a DRS or is unable to reply for other reasons. It leaves large portfolio owners open to receive 100's of complaints a week - are Nominet going to cover the cost of giving a detailed reply to each case, considering the work is of Nominet's making?

3. Please give us your contact details
