

Proposed DRS default transfer process

We are proposing that in undefended DRS cases, the complainant should have the right to a transfer of the domain name registration on payment of a fee of £200 (plus VAT).
Please read our consultation paper for full details of this proposed default transfer process and then answer the questions below.

This document contains respondents between 23 and 23 inclusive.

1. What do you think about our proposal for a default transfer process?

I agree with the proposal

I don't mind one way or the other

I disagree with the proposal

2. Please give your reasons for why you feel this way about the proposal

Nominet are now confirming that they are biased towards complainants and big business. They are no longer neutral and this proposal is yet another nail in the coffin of anyone who makes a living from domains. Why did Nominet not choose one of the many other proposals in support of Respondents ?.

3. Please give us your contact details
