

Proposed DRS default transfer process

We are proposing that in undefended DRS cases, the complainant should have the right to a transfer of the domain name registration on payment of a fee of £200 (plus VAT).
Please read our consultation paper for full details of this proposed default transfer process and then answer the questions below.

This document contains respondents between 64 and 64 inclusive.

1. What do you think about our proposal for a default transfer process?

- I agree with the proposal
- I don't mind one way or the other
- I disagree with the proposal

2. Please give your reasons for why you feel this way about the proposal

I agree that you offer a valuable service, and it would be better use to concentrate on mediation in contested cases. The default transfer process is an efficient way of dealing with the registration where there is no response, and seems entirely fair with sufficient safeguards for the respondent.

3. Please give us your contact details
