

## Proposed DRS default transfer process

We are proposing that in undefended DRS cases, the complainant should have the right to a transfer of the domain name registration on payment of a fee of £200 (plus VAT).  
Please read our consultation paper for full details of this proposed default transfer process and then answer the questions below.

This document contains respondents between 114 and 114 inclusive.

**1. What do you think about our proposal for a default transfer process?**

- I agree with the proposal
- I don't mind one way or the other
- I disagree with the proposal

**2. Please give your reasons for why you feel this way about the proposal**

This will lead to speculative DRS cases. Registrants of premium domains will find themselves having to defend (at their own cost and inconvenience) multiple speculative DRS cases each year or lose the domain via the Default Transfer process.

**3. Please give us your contact details**
