Notes

All domain name registrations are made according to Nominet's terms and conditions for the registration of domain names which can be found at:
http://www.nominet.org.uk/go/terms

Value added Tax (VAT) at the current rate is added to all Nominet invoices for domain name registration and membership. This applies to both EU countries and non-EU countries. This ruling by HM Customs and Excise is applicable because the service is supplied in the UK and not the country of the ISP or registrant. You may be able to reclaim VAT in your own country, see HMCE notice 723 at **http://www.hmce.gov.uk** for further details.
