

Matters arising from PAB meeting 60

1. Follow up to Phishing workshop

There was some discussion about a registrar lock to prevent tag changes in response to a phishing report. It was agreed that this should be discussed in the lock-states sub-committee.

See agenda item 7d

2. Summary Review Process

It was agreed that there should be a properly informed discussion about the way the DRS summary review process works and what safeguards are in place. The Chair agreed that Nick Wenban-Smith from Nominet and one of the experts should be invited to attend the next meeting.

See agenda item 7f

3. Reserved Names

The PAB agreed that the issue of reserved names needed further discussion in a sub committee.

See Agenda item 7e

4. PAB team building

The Secretariat agreed to identify possible dates for the team building day.

The Secretariat is in the process of identifying suitable dates.

5. Member Lunches Dates

The secretariat agreed to circulate dates for member lunches.

Annexed below

6. DRS Experts Contract

One member had requested Nominet to look at whether this could and would be published.

Nominet has replied to this request on list.

7. IDN implementation

Information about the status of IDN implementation.

Gordon Dick to give verbal update.

Annex 1
