

Matters arising from PAB meeting 65

1. Matters arising for the Nominet Forum and pab-suggest

An email was received from a Member which suggested there was a problem with some Registrars engaging in the practice of reverse domain name tasting.

A paper has now been received from the Member and is on the January agenda as a named item of any other business.

2. Nominet Forum

One PAB Member requested that the Secretariat post to the Forum when the meeting report had been published.

The Secretariat has agreed to do this.

3. Declaration of Interest Form

It was requested that the Declaration of Interest Form be looked at again.

This will be tabled at a future meeting.
