Dear Bob

Thank you for your letter of 26 January enclosing proposals to implement the Garratt Report that Nominet intends to put to its membership at a forthcoming EGM.

I am grateful to have a chance to study the proposals. I am particularly pleased to see a specific proposal to amend the Articles to reflect Nominet's public benefit purpose. That recognition is important and is an indication of the crucial role Nominet and the .uk domain plays in the UK's Internet economy.

I hope that your membership will vote to accept these proposals which certainly would largely remove the concerns that I have explained in a couple of speeches to some of your members over the last year or so.

Yours sincerely
David
