

Thank you for giving your tag holders the opportunity to comment on whether Nominet should expand its scope given the changes made in the domain name and technology industries over the last ten years.

After considering the options, we believe that Option 3 would provide Nominet, Nominet Tag Holders and Nominet's Local Internet Community with enhanced products and services. The clear boundaries described in Option 3 will enable Nominet to broaden its scope and leverage core competencies whilst maintaining a strong focus on registry services. This would be a benefit to its stakeholders.

Please do not hesitate to contact me if you require any further comment
